VISION

To be a premier centre for Allied Health Sciences education, cultivating a skilled & compassionate workforce for India & beyond.

MISSION

To deliver an exceptional educational experience in Allied Health Sciences, fostering critical thinking and integrity in community-focused healthcare professionals.

VALUES

The IPH&H is committed to :
Student-centered learning , Promoting well-being , Quality commitment , Leadership in clinical practice

GOALS

To rank among India's top institutions for allied health training.

SALUTING OUR SOLDIERS & PARA-MILITARY PERSONNEL

Exclusive courses for Min. of Defense, Govt. of India (Army, Navy, Air Force) & Min. of Home Affairs, Govt. of India (Central Reserve Police Force)

FIVE DECADES OF EXCELLENCE IN HEALTHCARE EDUCATION

Established in July 1976 by (Late) Dr. S. S. Joshi, the Institute of Public Health & Hygiene (IPH&H) is a pioneer in Paramedical and Allied Health Education in India. For over 50 years, the institute has combined quality education with strong community engagement to address evolving healthcare needs.

IPH&H has been at the forefront of social initiatives, including Community Healthcare Services, Free Rural Mobile Health Units, Immunization Programs, HIV/AIDS Awareness, Rehabilitation Services for Persons with Disabilities, and a Free Rural Community Public School—demonstrating its long-standing commitment to public health and inclusion.

Today, IPH&H stands as the oldest and premier institute in its field, dedicated to skill-based healthcare training. With a special focus on empowering underprivileged youth and school dropouts, the institute enhances employability and prepares learners for meaningful careers in the healthcare sector.

Through education, service, and innovation, IPH&H continues to transform lives and strengthen communities—upholding a proud legacy of excellence and social impact.

SHAPING OUR FUTURE

For over 50 years, the Institute of Public Health & Hygiene (IPH&H) has played a defining role in advancing healthcare education, institutional capacity, and national development. As a centre of excellence in allied health training, the Institute combines academic rigor with practical relevance to prepare professionals for real-world impact.

IPH&H has contributed at the policy and strategic level, serving as an external expert to the National Initiative for Allied Health Sciences under the Ministry of Health & Family Welfare, helping shape India's future healthcare workforce.

Since 1984, the Institute has functioned as a Pre-Release Training Centre for the Ministry of Defence (DGR), providing specialized training to personnel from the Army, Navy, and Air Force. It has further expanded its national service by training personnel from the CRPF, Indian Airlines, Northern Railway Hospitals, and multiple State and Union Territory administrations.

Its collaborations extend to premier institutions including AIIMS, University of Delhi, FICCI, Airports Authority of India, United Nations Organization, SGPGIMS, and leading public and private sector organizations.

Guided by experience, driven by purpose, and strengthened by partnerships, IPH&H continues to deliver leadership in healthcare education—shaping skilled professionals, resilient institutions, and a healthier nation.

FOREIGN STUDENTS@IPH&H ,NEW DELHI

THE CAMPUS : The self-sufficient campus features excellent infrastructure and resources, fostering a vibrant educational environment for male and female students, including internationals. It emphasizes a strong foundation in the humanities and sciences, with new departments like Medical Laboratory and Imaging Sciences, Dental Sciences, and Communication Technology.

The International Partnership for IPH&H is dedicated to high-quality education and training, with FRRO registration in India ensuring compliance and inclusivity for international students. With this endorsement, IPH&H offers health and management programs that equip students with essential skills, adhering to international standards for a world-class education.

TRAINING LOGISTICS / FACILITIES

THE CAMPUS : The self-sufficient campus features excellent infrastructure and resources, creating an engaging learning environment. Hostels accommodate male and female students from various regions and abroad. The Institute is committed to fostering an optimal academic atmosphere, ensuring graduates gain a solid foundation in the humanities and sciences, essential for any profession and informed global citizenship. From the new Medical Laboratory and Imaging Sciences Department to Dental Sciences and Communication Technology, IPH&H continually invests in meeting the needs of its academic community.

TRANSPORT SERVICES

The Transport Section of IPH&H provides reliable and efficient transportation for students and staff. Our fleet of buses and vans serves the Delhi NCR region, ensuring safe and convenient commutes with regularly maintained vehicles and trained drivers.

TAXI SERVICES FOR OFFICIAL TRIPS

IPH&H partners with approved taxi operators to offer affordable transportation for staff and students traveling outside the city for official purposes. These vetted operators ensure quality and reliability, prioritizing safety and comfort. Our bus services also include pick-up and drop-off within a 100-kilometer radius, featuring modernized vehicles for a pleasant travel experience.

WALK IN DISTANCE FROM:

- AEROCITY MULTI-LINE METRO STATION
- FREQUENT DTC BUS SERVICES FROM ALL PARTS OF DELHI-NCR.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

At IPH&H, our commitment to Corporate Social Responsibility (CSR) is deeply rooted in our mission to enhance community health and well-being. We recognize that our role extends beyond providing health-care services; we strive to be a catalyst for positive change in the communities we serve. Our multifaceted approach to CSR encompasses a range of initiatives designed to address the diverse needs of underserved populations and promote overall societal welfare.

THE INTERNSHIP & PLACEMENT CELL

ALLIED HEALTH PROFESSION: A CAREER RICH IN OPPORTUNITIES

The healthcare sector is facing a significant demand surge, with a shortage of Allied Health Professionals. Research shows a need for approximately 1.83 million professionals, but only about 890,000 are currently available, creating a shortfall of around 900,000. Allied Health is now the second largest workforce in healthcare after nursing, providing essential services globally. The ongoing shortage of qualified healthcare providers is expected to continue due to factors like an aging population and increased health awareness, particularly among those over 50, who typically face more health issues.

FUNDAMENTAL OF AI IN HEALTH CARE

Explore AI Fundamentals in Health Care.

Understand machine learning's Healthcare Impact.

Develop strategic AI Deployment approaches.

AI in healthcare uses machine learning and cognitive technologies to mimic human cognitive functions, allowing computers to learn and make decisions. It analyzes medical data for outcome predictions, particularly in diagnostics, helping professionals provide more accurate diagnoses and treatment plans. AI also enhances preventive care by analyzing large datasets to offer improved recommendations.

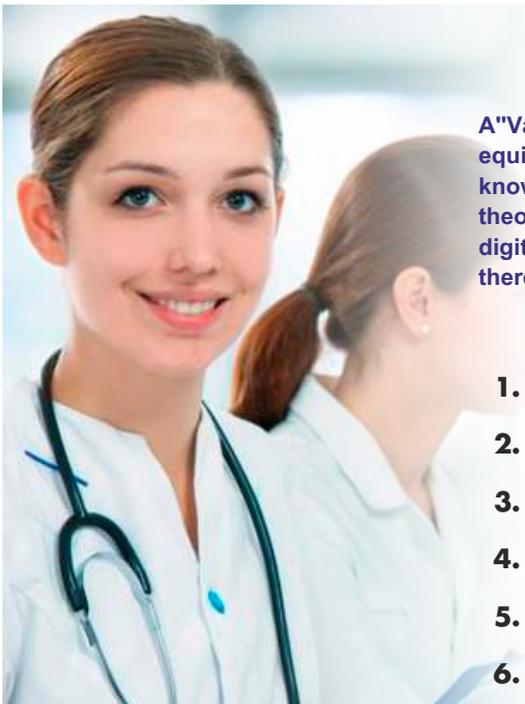

AN EXCITING RANGE OF ADD ON COURSES

A "Value Added Course" complements the standard curriculum by equipping students with practical skills and specialized knowledge to enhance employability. These courses align theoretical education with industry needs, focusing on areas like digital marketing, data analytics, and communication skills, thereby improving job market competitiveness.

Fundamental Courses in :

- | | |
|---|---------|
| 1. FOUNDATIONS OF AI IN HEALTHCARE | 20 Hrs. |
| 2. YOGA AND MEDITATION | 16 Hrs. |
| 3. FUNDAMENTALS OF FORENSIC NURSING | 20 Hrs. |
| 4. HOSPITAL INFECTION CONTROL PRACTICES | 30 Hrs. |
| 5. NARCOTICS DRUGS AND DRUGS OF ABUSE | 16 Hrs. |
| 6. SANITATION AND HYGIENE | 16 Hrs. |
